

Let Your Little Light Shine Rag

Jan Harmon - 1985

1. There's a nu-cle-ar po-wer plant in our town. It's a mi-ra-cle of tech-no-lo-gic
 know-how! 'Cause_ if you live down-wind, you don't have to plug things in just to let your
 lit - tle light_ shine your lit - tle light_ shine Jog-gers, bi-kers, cats and cows sel-dom
 get run o - ver now... since their lit - tle light shines!_____

2. Now, it's awfully clever, but it isn't quite right ..
 to use the canary as a night-light!
 That UFO down by the plow .. turns out, was just
 the cow!
 She let her little light shine .. her little light shine ..

CHO.

3. Well, they promised us safe evacuation
 just in case there's a little-bitty melt down! ..
 even though, to leave one can't .. without going
 past the plant!
 It'll make your little light shine, your little light shine ..

CHO.

4. Now, they're building a dump-site at the White House!
 And all the public is invited!
 Just reply R.S.V.P. .. Washington AC .. DC ..
 and watch their little light shine .. their little light shine ..

CHO.

5. And ... when the earth's not fit for people ..
 and there's dumpsites under every porch and steeple
 we'll hang a sign .. "GONE FISSION" then, F-I-S-S-I-O-N!
 and let our little light shine . . our little light shine ..

CHO.

6. Now there's a whole lot of wine won't get tasted
 if we all end up nuclear wasted!
 Just tell the NRC .. "HONEY .. NO-SIREE!
 I'm gonna let my little light shine! .. my little light shine!"

JOGGERS, BIKERS, CATS AND COWS ...
 LET YOUR LITTLE LIGHT SHINE!!
